General Statement:

Since my return I have more or less followed the former program except to change the method of procedure in the afternoon before the children went outdoors.

I have also taken separate groups for music on Tuesdays and Thursdays and feel that this was an effective way to reach the younger children. They are much more responsive and freer in their movements during rhythms. The songs are selected according to their level and have found that the children have enjoyed their music period.

The enrollment has been very good and ^{we} have a waiting list.

Due to the Carnival plans given by the Friends of Palama the P. T. A meeting was held on Monday Sept. 28th at 7:30 P. M. There were over 50 parents present and an election of officers was held. The following parents were elected to their respective office. President: Mr. Frank Watanabe

Vice Pres: Mr. Miyazono

Secretaries: Mrs. Inouye as recording secretary
Mrs. Uchida as correspondence secretary

Treasurer: Mr. Tom Wong

Mrs. Hartwell was introduced to the group as chairman of our Advisory Committee.

Dr. Dawe donated some boxes to the pre-school and a set of blocks were donated to the school by the Hanahanoli School.
