## COMMUNITY VOLLEYBALL OPENS WITH FAST TILTS

Tai Loy Ho's powerful six-cylindereed slam machine opened Palama Settlement's 1937 Community Volleyball League in spectacular fashion last Monday evening, April 12th, by turning back a stubborn Shell Oil outfit in three torrid sets, 15-12, 12-15, and 15-7 before a large attendance in the Settlement gym. Auld Lane won a scheduled second game of the evening on a forfeit when Damon Sons failed to put in an appearance.

Casino A.C. stamped itself/dangerous contender for the throne vacated by Lido Cafe in stopping the Moanalua Ramblers 15-4 and 15-9 in the first game of a twin-attraction, Wednesday evening, April 14th. Fern Park staged a strong rally to down Nanakuli after dropping the first set 7-15 to the rural slammers. Scores for the final sets were 15-11 and 15-11.

Due to the last-minute decision of the Damon Sons to drop out of the league, a revised schedule has been drawn. Henceforth, triple-bills will be offered every Monday evening until May 24th, with no Wednesday games.

## NOTICE TO PALAMA SWIMMERS

Do not become alarmed when you are swimming under the water and you see a submarine approaching at full speed. It has no dangerous explosive aboard, but is only a toy product of the Woodshop. Although quite harmless, the model turned out by mass production in the Workshop has afforded many of the boys a great deal of satisfaction since the day Ernest launched the first one in the pool and exclaimed to the onlookers, "it really goes under the water." When he returned his model to the Woodshop for minor changes, there was an immediate demand on the part of the others to copy his successful boat.

During the first month that the Woodshop has been open, the boys have taken advantage of the generous supply of panel and blocks donated by the Honolulu Planning Mill.

While the instructor attempts to keep the noise below the nuisance level, freedom from the school classroom control seems to be enjoyed by all who attend. To the casual observer, the noise of the hammers as the boys pound their many nails in the construction of cars, wagons, and boxes of all sizes and description to the accompaniment of "Oh Sussanna" or "Pennies from Heaven" may be disconcerting to say the least, but to the boys, the car takes shape much faster while these familiar tunes are shouted. The urge to sing while at work may be a Hawaiian custom, or it may be prompted by the same urge that grips one to sing while enjoying a shower.

## SCOUTING

The Boy Scouts have been enjoying a series of treasure hunts during the past week. These night hunts around the grounds of Palama have been conducted in true Scout form. Some of the boys have learned the longitude of the Hawaiian Islands during the process while others can tell you how many "Smiths" there are in the telephone directory. The winner of the hunt

I have known a vast quantity of nonsense talked about bad men not looking you in the face. Don't trust the idea. Dishonesty will stare honesty out of countenance any day in the week, if there is anything to be got by it.

### SCOUTING

for Troop #21 now realizes that a late start doesn't always keep one from winning the prize.

### KURFEW KIDS

The Kurfew Clubs under the leadership of Mr. Mizuta, Mr. Wardell, and Mr. Fukuda, have been utilizing the large playground for night games such as "Run Sheep Run" and "Kick the Can." Organization in each of the three clubs is well under way and good times have been planned by the officers in the near future.

### TRICK

If you are interested in tricks, try this one. Can you balance a needle on the head of a pin? Some say it can't be done. All that it takes to do it is a few magic words and the trick is accomplished. If you are still skeptical come to the Boys' Clubrooms and see a needle that has been balancing on a pin-head for the past few days.

## WINGED P SPIKESTERS IN BUSY WEEKEND

Charley Ornellas' Palama Senior Track Team made an impressive showing against the crack University of Hawaii and Waialae A.C. cinderpath stars in a triangular track fest, last Saturday afternoon, April 17th, at Cooke Field. Standout performers for the Pals were Fretais, who cleared the high jump bar at 6 feet, and Araujo, sensational dash man, who ran beautiful laps in the one-mile and half-mile relays beside breasting the tape in the novice century dash.

Winged P Junior cinder artists displayed their wares Sunday afternoon, April 18 at Cooke Field in the Junior Republic combined Relay Carnival and Track and Field Championships. The Pals failed to match the fine record of previous years, but are expected to score heavily this Sunday.

## JUST SMILIN'

Say! It's good to have you 'round,  
Just smilin'  
Cheeriest thing I've even found  
Your smilin'  
Life seems sort o' full of grace  
When I see your smiling face,  
You'd light up most any place  
Just Smilin'

Do You Know - who Edna St Vincent Miley is? Next week the Ka Palama will run a short paragraph telling interesting fact about her life.

Below are some more "Figs From Thistle" by Edna St Vincent Miley.

First Fig

My candle burns at both ends;  
It will not last the night;  
But ah, my foes, and oh, my friends-  
It gives a lovely light!

Second Fig

Safe upon the solid rock the ugly  
houses stand:  
Come and see my shinning palace built  
upon the sand!

Thursday

And if I loved you Wednesday,  
Well, what is that to you?  
I do not love you Thursday-  
So much is true.

And why you come complaining  
Is more than I can see.  
I loved you Wednesday, - yes but what  
Is that to me?

52 PALAMA GIRLS THRILLED BY ORCHID DISPLAY

On Wednesday, April 14, a group of Palama girls, members of various club enjoyed a special excursion to the Flower Show which was held at the Art Academy.

In spite of the fact that the girls had to wait in line for about half an hour due to the large crowd, according to their exclamations and expression it may be said that every one enjoyed the various exhibits to the fullest extent. The orchid display attracted the most attention and each club leader had her hands full trying to keep the girls moving along. Later, one of the leaders heard a member remark that her "hands itched" because she had wanted to "borrow" some of the gorgeous orchids that were on display.

The simple arrangement of the beautiful calla lillies around the walks and below the stage also drew the girls interests. It certainly was a beautiful sight.

After going through the exhibits, many of the girls decided to go through once more but because of the lack of time the girls could not satisfy their desire. On the way home and for days afterwards flowers, especially orchids, were the main topic of their conversation.

## PAL GIRL SWIMMING STARS BEGINNING TO TWINKLE

Several weeks of rather intensive training has taken the rough edge off the Pal girls swimmers and here and there a twinkle is beginning to be evident prophcing a possible future star. Some of the starlets who have been seriously wearing off some of these dull edges are:

Lulu Kea	Bernice Meheula
Lilly Lee	Florence Akamine
Frances Taum	Irene Hee
Rose Okabayashi	Caroline Lee

Lulu, Frances and Irene Hee have been polishing up their freestyle. Rose, Bernice, and Caroline are interested in the breast stroke. Florence Akamine has a yen for that back stroke and she holds her own very well too.

There are several others working, away silently but seriously - and no doubt soon there will be a other shining one.
