HOW IT ALL BEGAN?

The Palama Press was first published about a year ago.

It had a hard-working staff and the news articles were very interesting. Unfortunately, the newsletter was discontinued.

The Barefoot Menhunes, a social club, decided to take over the newsletter as a year-round project. Although it has been renamed, we hope to accomplish the same things the first staff did. It will be a difficult task but we are looking forward to except this with great challenge. We also hope you will read and enjoy our first edition of the Palama

Express.

BAREFOOT MENEHUNES

This groovy, all girls social club was formed in January. President, Virginia Avera is assisted by Secretary-Treasurer, Darlene Pahia and they are advised by Marcia Alvior and Leona Kim. The rest of the "Menehunes" are: Deesha Avera, Evelyn Calderon, Haunani Carroll, Karen Ishiki, Valerie Kahoonei, Sharon Pascua and last but not least, Alicia Vina.

Club projects includes this paper, The Palama Express and a jam session every other Friday night. Their first social activity was a wild Splash Party and they are looking forward to their Valentine's Dance and other activities such as moonlight picnicking, camping, slumber and pajama parties, and dances.

Barefoot Menehunes is an ideal name for this club because they all go barefootin' and the majority of the club is short. Would you believe they have "Luau" toes???

CHECKMATES

The Checkmates, a social club formed in December, is lead by President, Gerald Scott; Vice-President Robert Lopes; Secretary, Derek Taniguchi; and Treasurer, William Irebaria. Other members include Everett Taniguchi, Joseph Kealoha, Antonio Pascua, Calvin Chin, John Ordonio, Robert Roy, Ernesto Valencia, and Raymond Kalani.

With the help of their Advisor, John Haack, the Checkmates plan to have some of the grooviest activities. They include beach outings, out-of-sight hayride, slumber party, and a soul dance. This club has the potential of becoming one of the best clubs.

When asked why they chose the club name, Checkmates, the members replied, "Most of the boys are fond of playing chess!"

All 4th graders and above may take lessons at no cost but you must be a member of Palama Settlement. There are three groups of music classes — beginning, advanced, and private classes. Lessons are held every Tuesday and Thursday at 3:30 P. M. If you would like to play the trumpet, trombone, sousaphone, percussion, French horn, flute, clarinet, alto sax, tenor sax, or baritone sax, this is especially for you.

The Music Directors, Noel Jaderstrom and Derek Yamane are eager to have you come in. So remember to sign up now and learn about music appreciation.

Dear Aunty Yo-yo,

I have but one big problem! Everytime I come to Palama, I notice that everyone seems to be real gloomy. What's wrong with the people, anyway? I want to have fun with them but they seem so unfriendly.

"Wants Some Fun"

Dear "Wants Some Fun,"

I think you come to Palama when everyone's all pooped. Why not come everyday and see? When they're all happy, they must've taken pep pills! Who knows?!!

Aunty Yo-yo

Dear Aunty Yo-yo,

Since Valentine's Day is just around the corner, who's supposed to ask who for a dance? Is it true that this is leap year? Please set me straight 'cause there's this boy I admire!

"Boy Chaser"

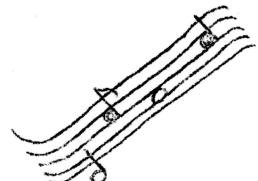

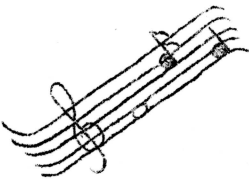

Dear "Boy Chaser,"

Yep, you're absolutely right. This is leap year so the boys do the running and the girls do the chasing. So, girls, get hep to do a lot of chasing. I hope you get the boy you admire! (Exceptions: Girls with boyfriends are advised not to do any chasing!)

Aunty Yo-yo

INQUIRING REPORTER

"WHAT DO YOU THINK OF HIPPIES?"

Patrick Tervola . . . My ideas about hippies are said in very short words. Frankly. . . I don't give a heck about them.

Kenneth Mau . . . Okay, different from other people in the way they dress.

Charles Palau . . . Not bad, make love but not war, but take pills!

Sharon Pascua . . . The hippies are way out. By this, means that hippies want to act and look different from others. They're also friendly to chat with.

Derek Taniguchi . . . Dirty but good, look psychedelic. They no take a bath but they take marijuana when they shouldn't.

Enrique Caboga . . . Hippies are people that are outwardly odd, with revolutionary ideas. They are mainly concerned about changing the world in which they inherited. Some would want to "stop the world and get off," others become lost in narcotics and high flying drugs, still others go to war and change history in that way. These are the young generations seeking a better deal than what the older generations left for them. Never the less, they are all people seeking answers to questions.
