

KINDERGARTEN & PRE-SCHOOL

SEPTEMBER 30, 1958

Total Enrollment.....81
No. School Session.....21
Total Attendance.....1447
Total Absence.....164

General Statement:

This Fall Term we are enrolling younger children. The Five year olds are fewer in number this year. We have more of the $3\frac{1}{2}$ & $4\frac{1}{2}$ year olds. We have 45 Day Care children and 36 Kindergartens children. We need a P.M. teacher with one staff teacher with this large enrollment of Day Care children so we have hired Mrs. Sison, our substitute, to temporarily fill this vacancy. She works from 2:00 - 5:00 P.M.

All staff are required to take a physical examination according to the Department of Public Welfare. They are now in the process of taking them.

Part of our out-door equipment from across the street is now installed in our play yard.

The children are enjoying the widening of Vineyard Street and are experiencing and seeing the tractor in operation. The children in their activity are imitating construction work in block plays and painting, and clay. The noise has not bothered them during nap time.

Advisory Committee met on Sept. 23. Due to the few that attended, an informal discussion took place.

Parents will have their first meeting on October 7. This will be an "Open House Get Acquainted" meeting.- Election of Officers.
