Special Events:

The children were taken to Kapiolani Park for an outdoor picnic on June 4th. We had help from parents to transport the children. The older group visited the aquarium while the younger children visited the zoo and enjoyed seeing the animals and the birds. One of the tourist saw the children and gave a dollar to buy something for the group. We bought peanuts and fed the pigeon as well as eating them. By 11:00 A.M. we were all hungry and had lunch about 11:15. By 12:00 the children were all finished with their lunch and returned to school happy but tired. We also celebrated Glenn Park's birthday and had ice cream and cup cakes for dessert.

Graduation program

The program was attended by many parents and children. There were about 25 adults present. The children enjoyed giving the program and the parents comment was one of proud approval for their child's performance. Many have expressed their appreciation for the fine progress their child had made at school.
