

PALAMA SETTLEMENT
MEMORANDUM

Date Mar. 15, 1949
To Miss Fukuda
From Mrs. Watkins
Subject

We are anxious that you do all you can to encourage parents of pre-school children having other children to send children to Palama for other activities and to attend themselves. It seems to me you have a wonderful opportunity to plug for Palama in your relationship with parents. Do you give children a copy of program of activities to take home?

Also, how do you keep up your mailing list - or registration. There might be a closer relationship between pre-school parents and Palama adult classes. Will you discuss this with me?

(Mrs.) Eileen M. Watkins
Director
