II. Fashion Show

When, Where, how this show was to be presented?

This is another money making project that could be given in the Spring.

Suggestions made were:

To have a tea to show the Filipino costumes under the directorship of Mrs. Cayaban. This will include Folk dancing, music, ~~exhibition~~ exhibition of articles of crafts, textile, etc.

Mrs. Cayaban suggested having in a form of Silver Tea. Whether to have a sale of tickets at 50¢ vs. Silver Offering was discussed. No conclusion was made in this matter.

A point was brought up about contacting different organization and inviting them to attend this Fashion Show.

Where should the Tea be held?

It was the unanimous feeling of the group that the place chosen will be of great importance in its attendance. The Philippine Consulate was selected as a tentative place to hold the tea.

Mrs. Boido suggested using part of the money derived from the toy sale to construct a shelter for the younger group.

Mr. Ehlers presented the financial condition of our budget and reported that we had a deficit of \$1400.

Since the parents had an understanding that the toy sale money was to be used towards some needed equipment for the children the committee members felt that part of the money could be absorbed into the budget if the project proved successful.

Mr. Ehlers was asked to present the state of our finance to the parents.

The meeting adjourned at 2:00 P. M.
