

500
SUMMER 1956

JUNE 12 - July 20

Enrollment	41
Total attendance	960
No. of school sessions	27
Total absence	147
No. of Girls	17
" " Boys	24

GENERAL STATEMENT

Our enrollment and attendance this summer has been very good. Out of 41 enrolled 22 will be attending the fall session. We have had the following pupils according to the age grouping:

8 - 3 yr. olds
23 - 4's
9 - 5's
1 - 6 yr old

An all staff meeting of the Settlement workers was held June 29th. School was closed for the day to make it possible for the pre-school staff to attend this meeting. I believe this type of meeting should be an annual affair. It helps to clarify many important policies of the Settlement and to promote a mutual understanding among the workers.

The staff have met about 3 occasions for a staff meeting. Discussions about the orientation of the new pupils, assignment of pupils in groups, and the summer program and activities were the important points brought out at the meetings.

Water play was one of the features which was enjoyed immensely by the children this summer.

SPECIAL EVENTS:

The children were taken to the aquarium, and the farm for excursions. Since we have been busy with the orientation of the children this summer excursions have been less frequent than the previous summer.

A PICNIC AT THE ZOO was held a few days before school ended. All ^{- of the children} were taken to this outing and was enjoyed by all.

RECEPTION FOR MRS. SABALA was held at the pre-school on July 11 at 7:30 P. M. and this affair was well attended by the parents.
