

Pre-school

May 31, 1961

Enrollment.....101
Attendance.....1971
Absence.....193
Drops.....2
New.....4

General Statement:

The pre-school received several boxes from the Oahu Prison in "Toys for Tots" department. This was made possible through Mr. ^{Bentema} Buechaman, who has a granddaughter attending our pre-school. The children were thrilled to received all the assorted toys.

The four and five year olds were given their annual hearing test from the Department of Health. Only one child had a defected hearing. This will be followed up by the parents.

The pre-school went on an all-day picnic out at Kailua Beach. We went to the Camp Kailani Methodist in Kailua. We chartered the HRT bus. Parents paid for the chartered bus. Staff and children had a wonderful time. We plan to make this an annual picnic.

P.T.A. had their meeting on May 22, 1961. We had a film on Civilian Defense. We were very happy to have the Palama Neighborhood association view the film with us. This group was very generous in allowing the P.T.A. group to take half hour of their meeting time so we can show this film in the auditorium.

Pre-school participated in the city-wide civilian defense practice. The entire school walked over to Likalike school which is our pick-up point. We took 3 minutes to walk across.
