Dear Mrs. Major:

Thank you very much for your November 12th letter offering to help Palama with the problem of re-settling its Pre-School Day Care Center.

The recent Study done for Palama by the Honolulu Council of Social Agencies has advised:

"It (Palama) should not abandon its present program and services abruptly to hurt the people who are now thus served. It should modify and drop program planfully and with sufficient advance announcement just as it should inaugurate new program planfully."

Report of Palama Study
Chapter V, page 47

Thus it has been decided to proceed slowly on the closing of the Palama Pre-School.

We very much appreciate the thought you have given this matter and your generous offers for cooperation.

Gratefully,

Nancy H. Hartwell
Member, Program Committee
