

Kindergarten & Pre-school

July 31, 1959

Total enrollment.....99
Total Attendance.....3067
Absence..... 268
New Pupils..... 18
Drops.....20

Program:

We were sorry to see our students leave us, especially the ones that have been with us for several years. Our enrollment for summer have been good. I anticipated our enrollment to drop in July but it has gone up. We can anticipate the same enrollment or more next summer.

We have started something new in our pre-school department and hope that the program can be carried during the school year instead of just summer. We have nine children from the immediate neighborhood enrolled for five weeks participating in our morning program. Children ready for first grade or entering the D.P.I. Kindergarten are the only ones accepted. These children pay \$1.00 for five weeks for their juice and cackers. We are grateful for Lorin Gill's Group Department in undertaking all the screening and interview, making it possible to have these children in our program.

The pre-school purchased six new tricycles for the children from the music concert funds which was our share in sales of tickets.

We met our new Executive Director, Mr. Arne Larson, who is replacing Mr. Ehlers during his leave from Palama Settlement.
