Honolulu, Hawaii

Re: Palama Kindergarten
and Pre-School

Dear Mr. Ehlers:

This is in response to the letter of April 11, 1957 from Mrs. Rosario a Sabala, Principal of the Palama Kindergarten and Pre-School. An earlier reply to her letter was not made as the proposed site, a non-fire protected building, was ruled as hazardous for day care by the Department of Buildings, City and County of Honolulu.

The Palama Settlement, however, was later granted a variance by the Board of Supervisors, City and County of Honolulu, on August 6, 1957 to use the Building for day care for a period not to exceed five years.

As a result of the variance, the floor plan indicating alterations to the Building was reviewed by the Department of Buildings, Office of the Fire Marshal, Department of Health, and Department of Public Welfare.

We are now approving the plan on the recommendations of the government departments named above with the requirement that an outside stairway leading to the second floor be constructed.

We should like to request that the attached application for the operation of a day care center be filled out and returned to us so that a study of the total operation of the Pre-School can be made in order to issue a license. Visits by the licensing team composed of representatives of the Office of Fire Marshal, Department of Health, City and County Department of Buildings, and Department of Public Welfare will be arranged for the study when you notify us that alterations to the building are completed.

Sincerely yours,

Mary L. Noonan
MARY L. NOONAN
Director
