PALAMA SETTLEMENT

PALAMA SETTLEMENT, a neighborhood recreational, social and educational center, is situated in one of the most crowded and older residential areas, just a short distance from the commercial and industrial centers of downtown Honolulu.

Every day, after school, a steady stream of children of all ages begins to pour into the gymnasium, out on to the athletic field, the basketball courts, into the swimming pool; the woodshop begins to hum with industrious young artificers; the arts and crafts studio, the ceramics shop, the canteen and gamesroom all fill with laughter and noise of hundreds of eager young people taken up with their many interests and group projects. Over the shouts and cries of children at play can be heard the clear soprano voices of the children in the music classes, and the practicing of many pianos, for Palama Settlement has a very advanced department of music with a professional staff of musicians offering a complete programme of piano and voice, theory, music appreciation and choral singing.

Another branch of the work of which the settlement is justly proud is the Kindergarten, which cares for 60 children from the ages of 3½ to 5. It is considered one of the finest pre-schools in the Territory.

No wonder Palama Settlement is a happy place, for it encourages young and old alike to use their talents. Grandfathers and grandmothers, tiny tots and teen-agers, the blind and the crippled all have their place here, and the work produced by them all shows that the creative spirit is deep and strong.

Palama Settlement is supported by the Community Chest and in part by voluntary contributions, and these are very much appreciated. All who buy these pictures on view to-day will have the satisfaction of knowing that every dollar goes direct to this wonderful place, because owing to the kindness of Matson, Mr. Steve Royce and the management of The Moana Hotel, no expense whatever has been entailed for this Exhibit.
