Repairs made.

Awning repaired.

Staff: Miss Cha was out for a day due to illness (Feb.20)

Special Events:

Valentine was observed with children making cards, costumes, and a Valentine cookie was made and served as dessert. Many children had their birthdays in February which resulted in frequent parties with ice cream and cake donated by the parents.

Excursions: The younger children were taken to the zoo. One of our parents, Mrs. Kawaguchi, kindly offered her car and service to take the children for the trip.

The older children were taken to see the fishing sandpan at Kewalo Basin. The children saw the men load the ice in the hold of the boat and also see the activities of the men getting ready to sail for a trip. One of the children saw a man scaling a fish and asked what he was doing? The teacher replied that he was scaling and cleaning the fish. The anxious boy replied, " Yes, it hurts yeh?"
