PALAMA SETTLEMENT.

Annual Statistical Report.

The following is the Annual Statistical Report of the Palama Settlement for the year 1912. It covers all departments—Social, District Nursing, Day Camp, and Financial. The work done has been greater per dollar expended than last year. The neighborhood is being reached in increasingly greater masses. Through the school work, our nurses touch an ever larger number of homes, and so protect the city from a contagious epidemic. The work grows and widens and meets conditions as they are found. It has been worth while.

Respectfully submitted,

JAS. A. RATH,
Head Worker.

AUDITOR'S STATEMENT.

This is to state that I have examined Palama Settlement Books of Account for the Financial Year ending December 31, 1912, in the following particulars:

(1) *Cash Book.*

I have checked entries for receipts in comparison with receipt book stubs, and I have checked entries for payments with receipted vouchers on file. I have tested the additions and carrying forward of footings, and I have at various times counted the cash. I have compared all checks returned by the Bank with the stubs of check books and tested bank balances.

(2) *Journal.*

I have examined entries and tested footings in the Journal.

(3) *Ledger.*

I have checked all postings from both Cash Book and Journal, have tested the additions and balances of each and every account in all departments, and I am able to certify to their accuracy of record, and that the final balance sheet of the year is in full agreement therewith.

Respectfully submitted,
 W. A. BOWEN,
 Auditor, Palama Settlement.
