## FIL MARVIN SELECTED PAL PHYSICAL DIRECTOR

Appointment of Filmore C. Marvin, well-known figure in local athletics, as physical director for boys and men at Palama Settlement was recently announced by Dr. Philip S. Platt, settlement director. Marvin assumes his duties today, February 1, filling the biggest gap in the recreation department since ill-health forced Wilder Parker to resign two years ago.

Marvin comes to the settlement with a fine reputation, having done temporary coaching work in local schools. He is a graduate of the University of Southern California where he majored in physical education. Following graduation from USC, Marvin was a director in the Los Angeles playground department, and was director of physical education at Harvard Military Academy in Los Angeles.

Coaching the Palama senior basketball squad will be Marvin's first job. Marvin is noted for his keen knowledge of the game, and should help the Winged "P" cagers tremendously. His outstanding achievement was the developing of a mediocre Elks team into territorial champions in 1936.

## COMMUNITY BASEBALL OPENERS RAINED OUT

Old Jupe Pluvius seem to have it in for Palama Settlement's community baseball league again. For the second consecutive year, the league openers were rained out Sunday, January 30th. However, the postponement will not affect the schedule in any way except the shifting of all playing dates forward one week. This means that the quadruple-bill scheduled originally for last Sunday will be played this Sunday, February 6th.

Harold's Taxi will collide with the Mailes in the league opener at 9:00 a.m. on Castle Field, followed by the Kalihi Valley Club-Ponce Juniors clash at 11:00. Tan Wah will meet Y Amateurs at 1:00 p.m., while Kyodo Kai is slated to cross bats with Rengo Kai at 3:00 o'clock.

To make the best possible competition, only one experienced player from the senior leagues will be allowed to play any position except to pitch or catch on any team. One Junior league player will also be allowed on team rosters, but they will be barred from battery duty.

## BOYS' CLUB NEWS

By  
Wardell

The ELEPHANT CLUB made a tour of Love's Bakery on Friday, and according to the reports, a good time was had by all. Each boy had a sample of Love's products and the leaders were especially favored. More trips have been planned by the club leader, so that we should hear more about the newest formed club in the near future. President Moses Kapahua has plenty of pay to make the programs very interesting and he has a good chance of becoming Palama star athlete in eight or nine years.

In spite of the rainy weather on Saturday, the boys and girls came to the movies. The Home Insurance Company loaned the Settlement the reels of talkie movies so that the new machine could be given a good trial. While the operator was changing reels, several members of the audience volunteered songs over the new mike. We hope to have more songs in the near future for Palama members.

The BOYS' CLUBS now have a leader who likes to tell and read stories to the boys, so that the Thursday evening meetings will not be so dull for those who can not get near the two pool tables.

## PALS MEET AIEAS THURSDAY AT UH GYM

Winged "P" senior cagers will meet the Aieas this Thursday evening, February 3, at 7:30 in the University of Hawaii gym, in a scheduled ASUH league game. The Pals are in fine mettle after a two weeks' lay-off, and with a new pilot in Fil Marvin at the helm.

Aiea boasts of a well-balanced squad who have given good accounts of themselves in their two showings. They are heavy favorites to down the Pals for their second setback in two starts.

## MAVERICKS ENJOY HIKE AND PICNIC SUNDAY

Members of the Maverick Hi-Y club and their friends scaled Tantalus in the wind and rain Sunday, January 30th, as the first part of a combination hike and picnic excursion. Following the hike, the Mavericks enjoyed swimming and games at Kailua beach.

## SPORT NOTES

SWIM MEET POSTPONED - the University swimming meet scheduled for last Friday, February 4th because of wet and rainy weather. Mrs. West's group of girls had resolved to "swim or else" last Friday night but no doubt will be glad to perform under more friendly skies. These University meets are practice trials in preparation for the Spring swimming competition under A.A.U. and Palama girls are missing no chances to keep in trim.

Members of the Women's Sport Class are reporting almost daily now for impromptu basketball practices. Mrs. West has arranged exchange games with several of the plantation teams as a substitute for a regular league which fell through when not enough teams could be assembled. Our Palama girls are not exactly in trim but these regular work-outs will help to furnish good competition when the real games are scheduled.

## CLUB NOTES

JAPANESE JUNIORS are sporting well manicured nails today as a result of their club meeting with "Sugar" last night. The club had planned a beauty class lesson last week but the teacher was unable to be here so the activity was postponed.

However last night found every club member eager for the short talk on care of the hands and nails and anxious to serve as models while their fellow club members practiced the art of manicure. Just how successful the activity and expert the amateur operators can be judged from the girls hands!

MANILA CLUB girls are combining two enjoyable activities in their club meetings these days. The girls merely hem and embroidery towels and wash cloths while Miss Levenson reads or tells stories--and the time slips by before you know it. However, this group of girls have other plans up their sleeves--and beg to make this announcement. "The Manila Club will hold its first party Wednesday afternoon, February 16, from 3 to 5 p.m. in the club-room. All Filipino girls of Midget age are invited to join in the fun of being a Palama Club Girl".

KOREAN JUNIORS are still talking about the Symphony Concert Wednesday night and their luck at being the first Palama club to attend this popular Honolulu concert. It is not surprising that these girls were selected for the first concert--they have been studying music appreciation as a part of their club program for several weeks and had a very clear picture of the story connected with each selection played by the orchestra. Palama was proud of the girls and their conduct at the concert.

CHINESE JUNIORS & TWILIGHT JUNIORS held a joint meeting last night with Dr. Loo. A regular question and answer meeting was planned after the club after members had submitted the questions they wanted answered to their club leaders. These girls plan another talk with Dr. Loo after they attend the picture "Damaged Goods" tonight on passes obtained by Dr. Platt.

STARLIGHTS went "a-picnic-ing" last Sunday out to Kailua. The girls piled into the station wagon about 2 p.m. and it is a toss up whether they enjoyed the ride or the games at Kailua best. Old Sol has'nt been too cooperative lately and it was too chilly for a swim but supper on the beach is exciting and the girls returned to Palama full of plans for another picnic.
