

MUSIC DEPARTMENT

Minutes of Staff Meeting held on April 20, 1953.

Mr. Kelly announced that the Palama staff picnic will be held on May 9th.. The problem of what we should do with the students who have lessons scheduled for that day was discussed. It was suggested that credits be passed for that day like we would on a Settlement holiday.

It was pointed out that we are still having problems connected with make-up lessons for students when a teacher is ill. It was decided that this subject be discussed again with the advisory committee when it meets in June.

Mr. Wiley requested that something be done about his door. It seems that children are pounding on his glass door consistently and disturbing him during his classes.

Individual student problems were presented by the teachers.
