TRICK OR TREAT PARTY

Every year Palama Settlement sets aside a day for a Halloween Party for the neighborhood children. There were two hundred or more children who attended the party.

Clubs and Staff members helped to make the party possible. Prizes were given to the best costume, games were installed, contests, storytelling, dunking for apples, field relays, Pinata, and entering the spooky house.

If you missed the fun this year be sure when next year Halloween rolls around sign up.

Some of those who helped were the Malamalama, Rondelettes, Gentrys club, and staff members Elizabeth Day and Cruz Archtbeque.

UNICEF DRIVE

Here at Palama Settlement Club members and non-club members gave their time to undergo a trick or treat UNICEF drive.

Some of the clubs that participated were the Malamalama, Skin diving club, Gentrys, Rondelettes, and Les Simtatics.

Every penny, was counted: nickles, dimes, quarters, dollars, all helped to supply unfortunate children a glass of milk to drink and food.

In spite of the driving rain we collected about \$132.50, this will be given to the UNICEF drive.

To all those who partitipated Palama Settlement is very greatful Thank You and Mahalo.

UNCLE PETER
Advice to the Lovelorn and confused

Dear Uncle Peter:

It is correct etiquette to eat laulau with your fingers?
Concerned

Dear Concerned:

No, etiquette requires you to eat the fingers after the laulau.
Uncle Peter

Dear Uncle Peter:

I started coming to Palama when I was 11. They told me I couldn't use the gameroom, I had to use the playroom. Just as I got to the playroom I had my birthday and they told me I had to use the gameroom. There they told me I couldn't use the big table, so I started to use the light table, but they told me to come back in the afternoon instead of at night. So I came back that afternoon but they told me they were closed for repairs so I went to the swimming pool and they told me it was beginners class time, and to try the gym. So I went to the gym but when I got back to the gameroom it was closing time. Uncle Peter, I have been coming to Palama for 15 years and I have not yet done a single thing.

"Confused"

Dear Confused:

Thank you for writing me your problem, but you see I only answer problems from 3:00-5:30, Monday, Wednesday, and Friday, sixteen or under. And from 11:00-1:00, Tuesday and Thursday, and Saturday, if you're nineteen and up and weigh less than 175 pounds. If you weigh more than that and live west of Houghtailing Street I can help you on Mondays between 6:00 and 8:00. And besides, I find it hard to believe that Palama really has a problem with complicated rules.

Uncle Peter

Dear Uncle Peter:

Everytime I try to call Palama Gym the telephone line is busy. Who's holding up the line, Heh?

Unknown!

Dear Unknown:

Your grammar is very bad. It is not "who's holding up the line is what's holding up the line." And, of course, the pole is holding up the line. If you have any other problems I can help you with, do not hesitate to let me know.

Uncle Peter

Dear Uncle Peter:

I have developed a huge opu and I wake up dizzy in the mornings and I always feel like eating peculiar things. What do you think is wrong?
"Puzzled"

Dear Puzzled:

It depends on whether you're a man or woman. If you are Peter Stein or Louis Kaninau, I would recommend a diet. If you're a woman, I would recommend you see a doctor.

Uncle Peter

Do You have a problem? Give it to the Palama Press and Uncle Peter will help..

HALE KOKUA HOOT
by Ken Nunn

At a small community center in Mayor Wright Housing one may occasionally hear the sounds of a dozen or more ukeleles playing loud and clear. Twice during the month of October there were some alive jam sessions at Hale Kokua.

Almost nightly in Mayor Wright ukeleles are being played and songs are being sung throughout the housing area. Collecting all these talented kids and having them play together formed a ukelele band that was terrific. These kids have such tremendous talent that I hope they can do something with it.

Eventually we hope to tape this music, so they can hear what they sound like. Then, maybe this talent can be used in a talent show where the kids can experience playing for an audience and perhaps sometime for Kala.

THE STUDY HALL AT HALE KOKUA

The first day I came I knew most of the students in the room. Most of them go to Central Intermediate School. Most of them are in the 8th and 9th grade. I was the only seventh grader. Then the instructor introduced himself to us. His name was Ken.

Our class is on Monday and Wednesday. It starts at 7:00pm., and ends at 9:00pm. This class is to do our homework. Ken helps us in Science, Reading, Social Studies, and Math. He plays games with us when there's time to play.

Now we have two new helpers. Their names are Susan and Stephanie. They will help Ken when he is busy with someone else. Tonight they helped Margret and I with our science homework. Susan read the sentence to us and we wrote it down. Ken, Stephanie, and Susan are very good helpers. So come and join us, you will have a lot of fun.

THE GENTRY'S

By William Irebaria

The Gentrys is a boy club whose ages range from 12-15 years of age. The advisor is Cruz Archibeque and asst. advisor is William Irebaria. This club as of now consists of thirteen members. The officers of the club are as follows: President Wendell Irebaria, Vice Pres. Gary Kim, Sec. Ernesto Valencia, and Trea. Gilbert Madrid.

The club was started in the month of Dec. of 1965. Herbert Lee was the regular advisor until he had to leave for the Mainland recently. The Gentrys had all sort of activities under Herbert Lee. Some of the activities that the club went on were overnight camping at a beach, skindiving, beach outings with girl clubs and a banquet to celebrate the ending of the club for the summer.

After summer, the club got underway at the start of school. Herbert Lee had his final three meetings with the club before he left. The club then was taken over by Cruz Archibeque with the same asst. advisor William Irebaria. The club went on money-making projects to start things rolling. They went guava picking and made over thirty dollars on three occasions. So far the club went outing with a girls club at Bellows Field. The Gentrys are planning to have more outings and other activities during the year under their new advisor.....
