

Pre-school

September 28, 1962

Enrollment..... ..76
Attendance.....1288
Absence.....140
New..... 27
Drops..... 44

General Statement:

Our children this year are all much younger and each year the age level will be in the four's and two year.

Future plans for the Pre-school are uncertain. We are waiting for the survey's recommendation as to the type of program the Palama Settlement will carry.

The variance of the Pre-school expired in August. We are waiting for the Board's decisions.
