Honolulu, T. H.

Dear Mrs. Lyman,

We were very happy to receive your contribution of \$15. toward our scholarship program which came to us through Mother Bowron. This will be used as you have requested to further the music study of a child of Hawaiian ancestry of whom we have quite a few here at Palama. It is through the kindness of people like yourself that we are able to extend the advantages of music study to many who otherwise could not afford it.

Thank you kindly.

Cordially,

John M. Kelly Jr., Director
The Music Department
