

MUSIC DEPARTMENT

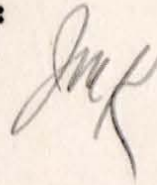

Minutes of Staff Meeting held on May 25, 1953.

A general discussion was held on the student recital held on Friday, May 22. It was concluded that these recitals are vital for parent-teacher contact and it is also good for our students.

A questionnaire regarding the student's summer plans have been almost completed. It was noted that quite a few of our regular students will be dropping on May 31 because they will be leaving for the islands or the mainland. This means we will be able to accept a few new students plus the students of John Kelly's who wish to continue for the summer.
