 6. Preparation for last day program.
Leis made by younger children
 7. June 8. Teachers' evaluation and staff meeting.
- WBS

SPECIAL EVENTS

Parents' meeting was held on May 25. In place of Mrs. Lucas, Miss Shumway came to speak to the group on "discipline". There were about 15 parents present. However, the parents who came said that the discussion and talk was most helpful and wished that the other parents could have been present also. The parents were interested in the resources available for help in the community if clinical guidance and other help were needed.

ANNUAL PICNIC

The children were taken to the zoo for a picnic on May 29. It was quite an experience for some of the children to ride in the truck.

With the new addition of animals at the zoo the children enjoyed the visit immensely. They all enjoyed seeing the bears taking a swim in the pool. We had a good lunch of salad, ham, sandwich, milk and watermelon for dessert. We returned to school in time for a nap.

EXCURSION

The older children were taken to the International Airport for a tour around the area and the guide from the P.A.A. allowed the children to board the plane to see the interior and to explain about the various things found in the plane.

After the tour all of the boys and girls received a balloon and a package of candy and a color book about the planes for the school.

The younger group visited the University farm.

COMING EVENTS:

Last day school program.

Registration for the summer session.
