SPECIAL EVENTS

The Circus is here! So far we have seen just Palama girls and boys buying tickets from each other. When are we going to start racing in selling tickets to outsiders? We must have a big crowd at our dance circus. The girls and boys—big and small—who sell the most tickets may go to camp free. Second prize is \$1.50 and \$1.00 for third prize. There are two of each prizes all together and that makes six prizes—three for the boys and three for the girls.

The dances are getting along well, but the costumes are not. Miss Chang is always calling the girls to her but they always forget to go to her. Latest news—Costumes are taking shape now.

Miss Newsom says it takes about two long hours just to put the ruffles on the "La Conga" costumes. She is hoping all of the costumes will be through with soon in time for dress rehearsal. All of the girls surely like this type of costume, slinky, eh what?

Rowena Vieira is the Pony Trainer. The names of the ponies are: Barbara Vieira, Janet Kaholokulu, Mary Look, Pearl

Chun and Emmanell Vieira. They like both their costumes and dance very much.

The Clowns are Doris Maruyama, Bella Roman, Marian Mikami, Winifred Wong, Patricia Watson and Pua Kea. They dance very funny, look funny, and will be dressed funny.

The Monkeys look very cute. The names of the monkeys are: Pauline Hong, Loretta Choy, Kuuipo Ah Luke and Pua Nascimento. That dance is very cute too, and the costumes are going to be a surprise. Please come to the dance pageant at Palama Settlement.

In our Special Events, we played Bingo in the auditorium. Lots of the children won.

Wanda Gay says keep quiet you folks. By Babs Vieira. Cute.

BOYS

Every morning at the gym, the boys have basketball practice. We are all practicing for the contest that is to take place in August. Most of the boys are good in handling a basketball and they expect to be good basketball players in the future.

CLASSES

August 9 all summer school classes will be over. Classes will start again in September 15. The classes we have in Palama are crafts, sewing, cooking and lessons in hula and ukulele. The midget craft class is very large. The girls make belts and bracelets out of wood. They also make dolls and lots of interesting toys and projects. The dance school is going on nicely. The dance school is the biggest attraction we have during the summer and most of the girls register in this class. They all love to dance. In the midget sewing class, the girls have made school bags. The girls are proud of their sewing.—H.F.

GOSSIP BY M.M.

Mariposa Club had a last meeting party on Wednesday night, July 23 at 5:30. All of the girls ate everything and there wasn't any left for Mrs. West. She came in late so she didn't have anything. Too bad!

Palama girls and boys seem to be interested in coming upstairs nowadays.

Violet Wong and Flashy are kinda interested in each other. They always are arguing. My, My, My.

The girls who dance the "La Conga" had quite a trouble in doing their dance for they couldn't remember their steps.

The Tumbling girls have the giggling jitters whenever they do their pyramids. Especially Shadow, Vivian, and Mary. Also Thelma. They should have a giggling contest for these girls.

Rowena Vieira can't think much to put in her column. Too bad, Ro. Pony trouble.

Ping-pong is very popular nowadays especially upstairs. You should see them how they do compete with each other. Too interesting to be true.

Wanda Gay is learning to be a majorette. Not bad.

Blackie seems to be very interested in the baby, Reginald.

Vivian, and Violet always arguing with each other. What's the matter kids. Eh, don't they like each other or is Violet practicing to argue with Flashy. My, my.

The girls that washed the dishes for Mariposa Club sure made a lot of noise that Miss Newsom sure gave Miss Chang the fire works. My, my, Miss Chang.

Vivian Munson sure had the giggles at the table. When is it that she doesn't have it. Let me know.

The record upstairs began to run almost everyday at full speed. Is it another kind of a race? It's just the old phonograph going to town.

DID YOU KNOW THAT

The Snow Whites go in for housecoats in a big way? At least six girls come to the meeting in housecoats.

Rose Lee and Rebecca Faufata are very good friends and are seen eating lunch together.

The Bolo Head Gang sure go in for coca colas and how! About ten in the morning either German, Yano or Moses are at the coke machine. You telling Me!

That Teruo's specialty is washing dishes. Albert has his tonsils out last week and Miss Yukie had a lonesome week with voiceless Albert.

Le Raymond Moses makes the best pancakes in class.

Enoka doesn't trust the cooking of the Junior boys. I don't blame him.

Rose Pang and Georgia Saffery are helping to sew costumes and can they sew! Some dressmakers they'll make.

NOTICE

The clubs are on a vacation during the month of August. They will begin again the first week in September. Remember, come to club meetings in September.

THE PARROT SEES ALL, HEARS ALL, AND TELLS ALL.

JOKES

Professor: Here you see the skull of an ape. It is a very rare type.

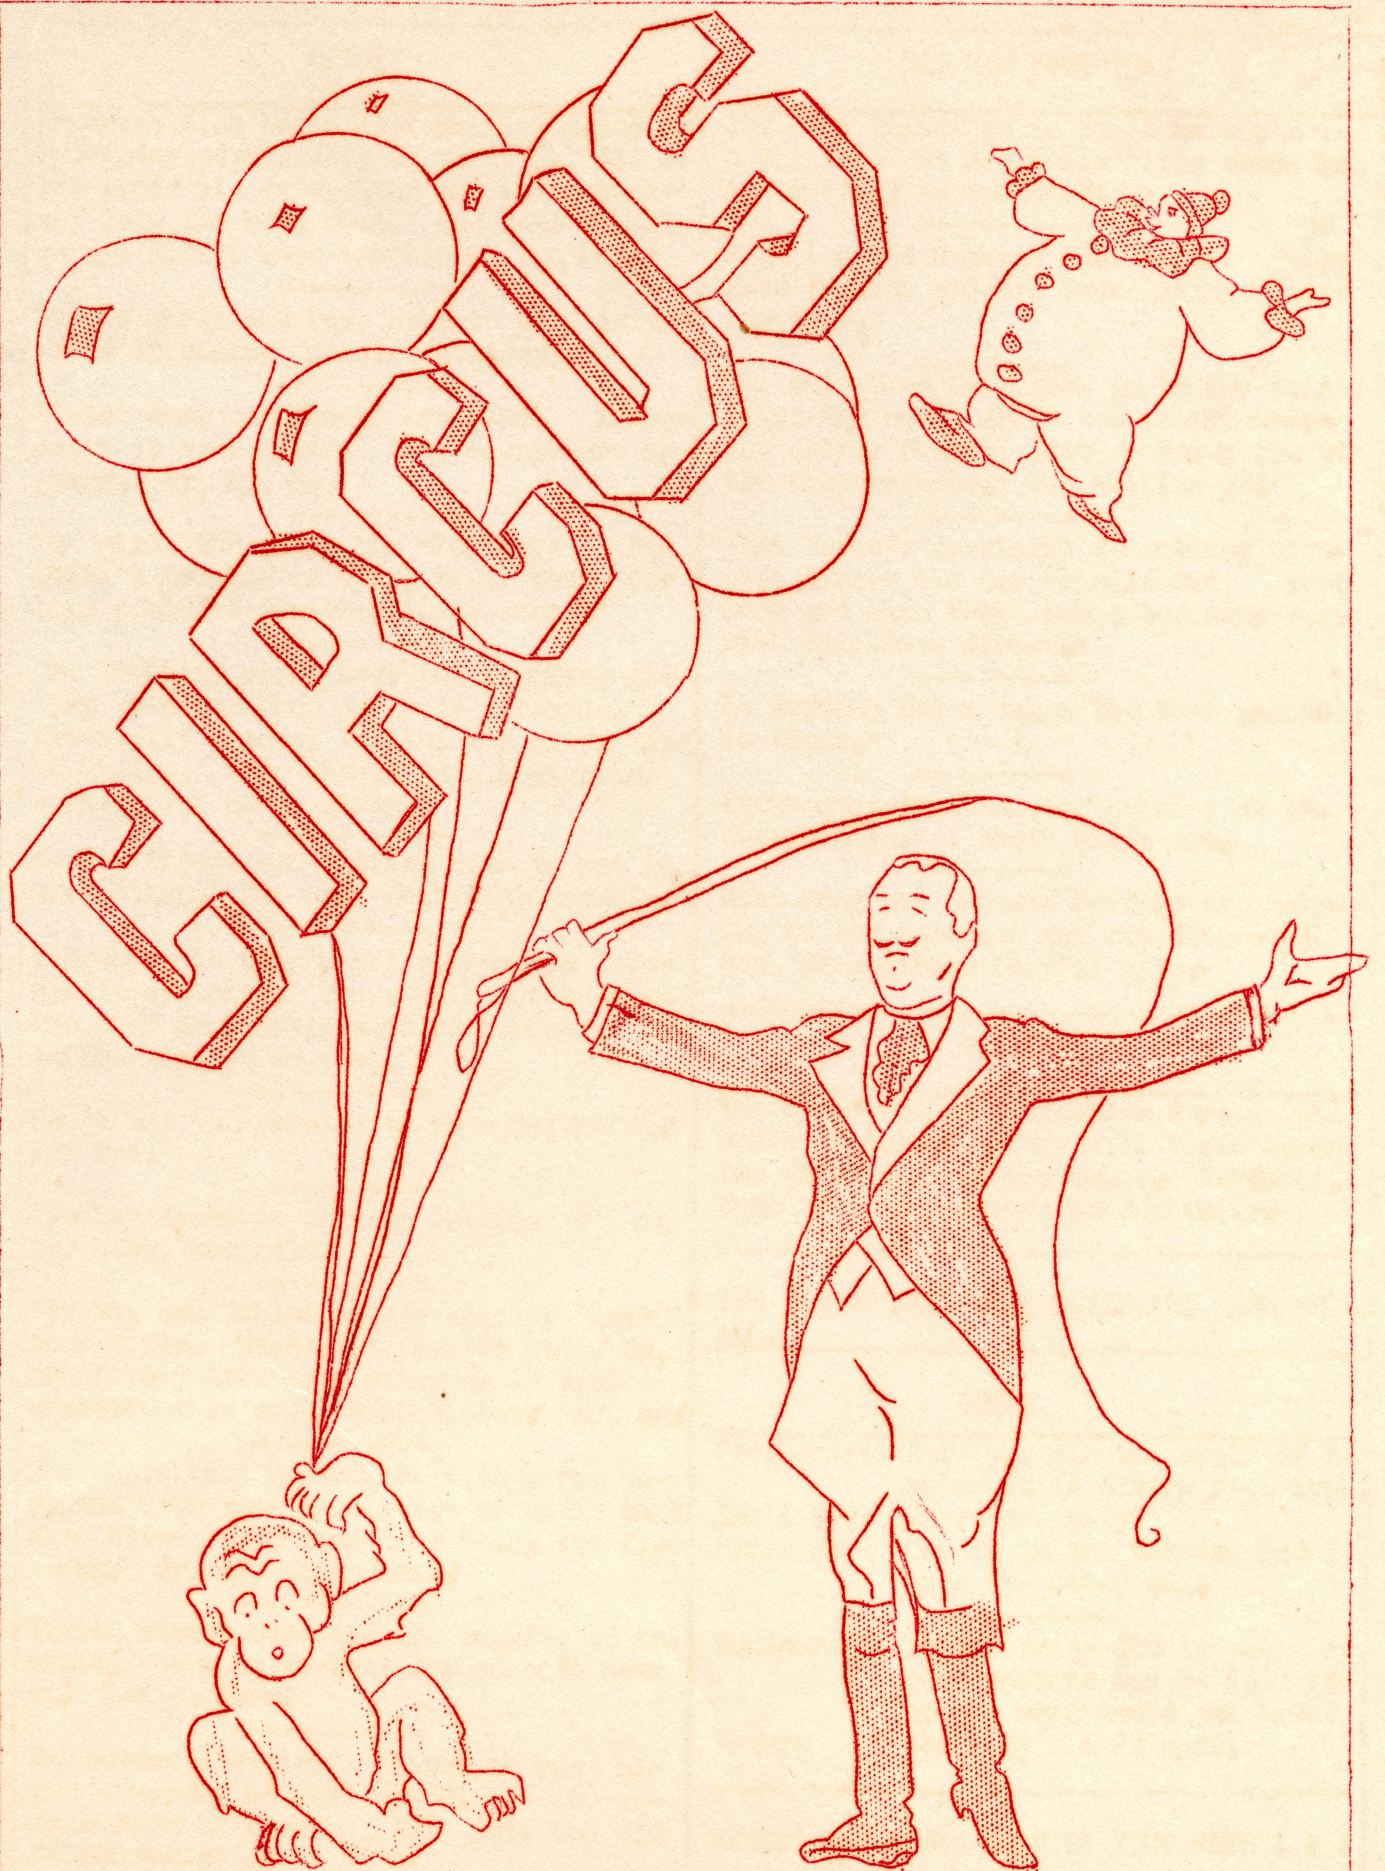

Small Boy: Where are they?

Professor: One is in the museum, and I have the other one.

Teacher: If you found \$10 in one of your pockets and \$5 in the other, what would you have?

Tommy: Somebody else's suit.
