General Statement:

The Palama Bazaar was a success! Approximately \$1,400.00 was realized. This year we concentrated on food sale. For lunch we served saimin, Bar-B-Q, plate lunch of rice, takuwan, nishime, potato salad, chili con carne. Stew was served for supper. There were 3 rides for the children. Merry-go-round, ponies, miniture cars; games for adults and cold drinks. Friends of Palama were responsible for all the organization of the Bazaar. Pre-school parents and staff did the cooking of most of the foods. The parents donated \$2.00 per family as the minimun towards the purchase of food and ingredients. \$158.00 was realized which was used to purchase food ingredients and payments for the meat.

Easter time! After all the excitement of the bazaar the pre-school started into making easter baskets, rabbits, eggs. Beautiful paintings were created by the children. Each child brought 2 hard boiled eggs which they colored themselves. On Thursday, April 18, the entire school had an Easter Egg Hunt out in the yard. A wonderful picnic lunch was served out on the yard. This is always a treat for the youngsters. Vacation for one week! Children and staff looked forward to this day!

All of the Pre-school children were given a T.B. Skin Test on April 30. Only one parent did not sign the consent. All 80 children were negative. Teachers were also given the skintest. All were negative.

For the first time our Palama Pre-school was represented in the Annual Children's painting exhibit at the Academy of Arts. Two of our children's paintings were chosen.

Future Events:
