Mrs. Lucy Reese

Honolulu, T. H.

Dear Mrs. Reese,

We were delighted to receive your gift of thirty-five dollars toward our program needs here at the Music School. This will be used toward the purchase of a fine microphone to be used with the new Magnecorder tape recorder which we now have. A music school such as ours needs at least one good tape recorder with all it's necessary equipment for the recitals, concerts and occasional radio programs we present as well as for classroom study. Your gift brings us a step closer to having these needs met.

You may be interested to know that the Palama Music Department is still in the process of growth in the attempt to fill the needs of our community. This fall we will open string, woodwind and brass departments with an expected increase in our enrollment for which two additional classrooms are being readied. Although we concentrate mainly on getting our students from the Palama area, with the new expansion into the instrumental field we will be able to accept more students from outside our area than previously. We would appreciate any efforts you can make to bring information of this new program to persons or families who may want to enroll their children for the fall semester.

Kindly extend our thanks to Mrs. Edward Jeffrey and to the membership of the Kappa Kappa Gamma Alumnae Association for their generosity and kind thoughts.

Sincerely yours,

J
John M. Kelly Jr., Director
The Music Department
