The pre-school for children ages 3½ to 5 years is housed in an attractive airy building. The school is well equipped and situated in a large enclosed yard.

A hot nutritious lunch is prepared in the school kitchen. Fresh milk and juice is served twice a day.

A carefully planned curriculum based on modern educational methods aims at giving the child a good basic foundation for his entry into grade school.

The school emphasizes the well-rounded personality, and seeks to promote the emotional, mental, physical growth of the child through music, manual skills, excursions and supervised play.

The school has maintained a close teacher-parent relationship and an active P.T.A. to promote better guidance and understanding between parent and child.

A six weeks summer session is planned from June 14 to July 23 with longer hours to accommodate the working parents of the community. The hours will be from 7:30 to 5:00 Monday through Friday.

Registration is open for the summer and fall sessions. Parents wishing to register children for the summer session should do so immediately by calling 83-7325 or dropping in at the school at 810 N. Vineyard Street.
