

Music School Report May 1950

May is an exceedingly busy month because of the close of the school year which entails much work in examinations, report cards, closing recital, awards, etc. ~~etc.~~

In addition to heavy administrative duties listed above another tremendous project was being undertaken for the Music School. The Jamboree demanded much time and work from many people outside of the music school and settlement as well.

May being the month of music and commencement exercises heavy demands were made on the director for solo and joint appearances with Miss Loo in the city and on the island of Lanai. There were seven city performances and one on Lanai. It was my pleasure at the Music Festival to be one of the judges for the High School voice events.

The majority of music school students had the opportunity to attend the music festival on Saturday morning May 13th, under the auspices of the Music School Staff.

Much time was spent in planning ahead for the summer term.

Enrollment is at its lowest peak this month as is always near the end of the spring term because quite a few students cancel to take vacations on other islands and leave at the first part of June.

New enrollment	3
Cancellations	2
Temporary cancellations	6
Present paying enrollment	76
" non "	11
	87

Respectfully Submitted

Dorothy Chun
