Dear Parents;

This is to inform you that the Palama Settlement Music School will discontinue all private instrument lessons after this semester which will end June 8, 1968.

This has become necessary because very few of our private music students are from the Palama Service Area.

The purpose of the Settlement is to be of service to the people of this neighborhood, so the enrollment of too many students from other areas is in contradiction to the purpose of the Settlement.

We hope to start a new music program at a later date, a music program which will bring more children from this neighborhood to our school. However, no definite plans for this program have been made at this time.

The staff of the Palama Settlement enjoys working with your children, and we hope they will join the many other activities available to them at the Settlement.

If you have any questions about the music program or the other activities please call me at 817 923.

Sincerely,

Eva G. Mitomi
