

MUSIC DEPARTMENT

To: Walter Ehlers

Minutes of Staff Meeting held on February 23, 1954

John Kelly announced that the laulaus have now been all sold.

The rate of flute and violin lessons was discussed. We have had several inquiries in regards to violin lessons since the addition of our new teacher who also teaches violin. At the present time we have two flute students. It was decided that we would not start the violin students unless it was possible for them to start together in a class.

A benefit concert featuring the Palama Children's Chorus, First Methodist Church Choir and members of the Honolulu Symphony Orchestra will be held on April 2 and 3rd. Mrs. Park, who has been rehearsing the chorus twice a week for each group, brought up the need of a parent's committee to supervise the children on the night of the concert. It was also stressed that transportation may be needed for some of the children.

It was suggested that pictures be taken of the chorus to be used for publicity. Tickets for the concert will be ready this week and Mr. Kelly suggested that each child be given four tickets each to take to parents to either sell or to be purchased for themselves. Admission has been set at \$1.00 per ticket.
