GENERAL STATEMENT

We have had many changes in the enrollment. There were droppings as well as replacements with new registrants.

For the orientation period we tried experimenting having ^{this Sept} only the new pupils without previous school experience attend school for 2 days. All of our former pupils were asked to come later in September

We found the results very gratifying and worth-while in helping the new pupils make a good easy adjustment to the school routine and program. We were able to give better help and the staff feels that this orientation program should be carried out next year with the recommendation that an extension of ~~2 days to~~ a week be made.

This year, we have had good response from the ads publicising about the pre-school with the Settlement activities and also having a special article written about registration few days before our session began. However, a great number of parents said that it was by word of mouth and good recommendation that helped them to make the decision in the selection of the schools.

Pre-school participation in the Community Chest Campaign.

Our response to the Community Chest contribution by the Pre-school children has been exceptionally good. Comparing to the \$20.10 donated last year, we have had \$31.36 this year. There were many \$1.00 and even \$3.00 contribution by an individual child. Perhaps it was because I informed that the school was supported by the Community Chest.

EXCURSIONS

The 4's and 5's were taken to see the Community Chest Puppet Show on Oct. 5 at 10 A. M. at the Muuanu Y. M. C. A. auditorium.

The children enjoyed the rpogram and we felt that the show itself had improved greatly in content and planning. The Three Bears theme was familiar to the pre-school children and they enjoyed this very much. We were happy for the transportation help given by one of our parents.
